

Creatively established by the Visionary Entrepreneurs on sprawling 25 acre land with 2, 30,000 Sq. Ft of Manufacturing plant and 6300 Sq. Ft of R&D equipped with world class testing facilities to provide the Best Quality Feeds for Sustainable Aquaculture

L3

VANNAMEI SHRIMP FEED

State-of-the-Art and Fully Automized Shrimp Feed Manufacturing Facility

L3

THIRD GENERATION VANNAMEI SHRIMP FEED FROM NG FEEDS

NG Feeds is a strategic business unit of NG Group under the Technical Guidance from Thai Pacific Corp., who are the Pioneers in Shrimp Aquaculture Nutrition around the Globe with Decadal Experience in the manufacturing of Best Quality Shrimp Feeds through cutting Edge European Technology to suite Indian farming conditions.

The Brand Name L3 is a hall mark of three essential key features

- ✓ Highly Digestible Excellent Quality Raw Materials for the Maximum Efficiency of Nutrient Utilization with good Palatability, Attractability and Feeding value for shrimp
- ✓ Internationally Reputed, Scientifically Proven, Nutritionally Balanced and Advanced Formulations by the Best Aqua Nutritionists through a Decadal Experience in Extensive R&D in Pacific white shrimp, Litopenaeus vannamei
- ✓ Optimum Processing Conditions for preferred Physical Quality Standards with Good Water Stability to reach the specified Essential Nutrients in feed with highly Bio-Available for shrimp in Eco-friendly manner

Three Key promising hopes from L3 for sustainable and profitable shrimp farming

- ✓ Fastest Growth Rate
- ✓ Good Feed Conversion Ratio
- ✓ Better Yield

COMPOSITION & FEEDING TABLE										
FEED VARIANT	TYPE	SIZE (mm)		CRUDE PROTEIN (Min %)	FAT (Min %)	FIBRE (Max %)	MOISTURE (Max %)	ABW (Grams)	FEEDING RATE (% of Body Weight per day)	FEEDING FREQUENCY (Per Day)
		DIA	LENGTH							
1	CRUMBLE	0.5 - 0.8		35	5	4	11	0.02 - 0.2	50 -10	2 times
2SP	PELLET	1.0	0.8-1.5	35	5	4	11	0.2 - 1.0	10-8.0	4 times
2P	PELLET	1.0	1.5 - 2.0	35	5	4	11	1.0 - 3.0	8.0-6.0	4 times
3SP	PELLET	1.2	3.0- 5.0	35	5	4	11	3.0-7.5	6.0-4.0	4 times
3P	PELLET	1.6	3.0 - 5.0	35	5	4	11	7.5 -15.0	4.0-2.5	4 times
4	PELLET	1.8	4.0 -5.0	35	5	4	11	15.0 -20.0	2.5 - 2.0	4 times
5	PELLET	2.0	4.0-6.0	35	5	4	11	>20.0	2.0 -1.5	4 times

Note : For 1Lakh Seed start with 2kg Feed, Increase 200g every day for the first week and then increase 300g for second week, Further increase 400g for third week. After 21st day onwards follow as per the check tray feeding and average body weight (ABW) as shown.
